This section is about any news relevant to the CCG or CCG volunteers programme.

CCG Volunteer Bio

As we have spoken about previously, we're very keen to have a page on our website introducing our volunteers in a 'Meet Our Volunteers' type page. On there we would like a photo of you (or a picture that represents you) with your name and a short bio with a little bit about you and why you're a volunteer.

We're asking all our volunteers to complete a short bio that we can use on the website. You can find the bio here:

<https://www.leedsccg.nhs.uk/content/uploads/2019/01/Volunteer-Bio-Template.docx>

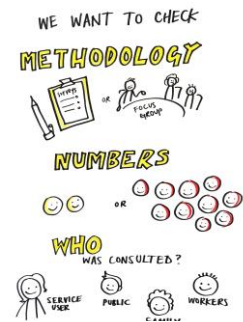

Many thanks to Tricia, Sue, Dave, Dick and John for sending their completed bio through. Check them out on our 'Meet our volunteers' page here:

If you have any questions please get in touch with your mentor.

Opportunities

Here are the current opportunities we have for volunteers to get involved in projects. If you are interested in any of the opportunities or would like more information, please contact the relevant person in the engagement team.

Title	Chronic Pain Service Re-procurement
Project summary	<p>Currently the chronic pain service is provided by 2 providers: Leeds Community Healthcare and In-health Pain Management. The contract comes to an end 30 September 2019. People who are experiencing pain are referred into the service via their GP after completing a pain management survey. They then receive a range of holistic treatments.</p> <p>The commissioners are not planning on changing the service that is provided. It will still be delivered over a variety of locations across the city. The only difference is that there will only be one provider but the service specification and the pathway will be the same. We are asking for 2 volunteers to sit on the re-procurement panel.</p>
How long the project runs for	Between April and May 2019
Frequency of meetings	There will be training for assessors in April which will take about 1.5 hours. Evaluators will assess each application and score them independently at home between 22 April and 10 May. A consensus meeting will take place at the CCG over a day between the 7 and 10 May
Number of volunteers needed	2
Engagement team contact	Helen Butters - hbutters@nhs.net
Closing date to express interest	28 March 2019

Title	Child and Family Health Hubs
Project Summary	A new service is being trialled in a small number of GP practices in Leeds. In this service, children who need to be seen by a Consultant Paediatrician can see them at their GP practice alongside their regular GP, rather than being referred to hospital. We need a volunteer to support local children and families by helping them to complete surveys after their appointment to evaluate how well the new service is working for them. This would involve using an iPad, directing people to either a parents or children's survey, and helping them answer the questions if they need support.
How long the project runs for	Ongoing
Frequency of meetings	The clinic runs on the first Thursday of every month, 1:30-4:30pm
Number of Volunteers needed	No limit
Engagement Team contact	Gemma - gemma.kierczuk@nhs.net
Closing date to express interest	Ongoing

Involving You: an annual report on CCG engagement activity 2017-2018

At the end of each financial year (April – March) the NHS Leeds CCG produces a report to show how we have engaged with patients and the public during the course of that year.

As it is nearly the end of the 2018-2019 financial year we are preparing for our next report and we need your feedback to ensure we are producing an accessible and engaging report. We would appreciate if you could look at the last year's report and give us your feedback. Please note that this document has been published and is already available. We are looking for feedback on the style and presentation of the document not so much the specifics of the content (e.g. grammar) as we will not be making any changes to the previous report, but we will use the feedback to plan and design our next report which will be published at the end of May 2019.

Please click the link below to find the document for review and offer your feedback.
[Involving You: an annual report on CCG engagement activity 2017-2018](#)

Please note that this survey is designed for people on our reader group, therefore the format of the survey is slightly different than a usual survey and it contains information about reader group. However, we would appreciate your feedback even if you are not part of the reader group.

The closing date for feedback is **Wednesday 6 March 2019**. If you would like a printed copy to review please let me know before 12pm on Monday 25 February so I can get it in the post to you in good time. If you review it by post, please give yourself enough time to review it so it can get back to me by the closing date.

If you have any problems, questions or feedback about the survey, please contact andra.szabo@nhs.net.

Urgent Treatment Centres (21.01.19 – 15.04.19)

The NHS Leeds CCG is running a high-level engagement on Urgent Treatment Centres (UTC). The proposal is to establish five new UTCs in the city, two out of existing centres, two 'co-located' out of A&E and a new site in east Leeds, probably Seacroft.

The engagement is of great importance to the CCG and we would expect all our volunteers to offer their feedback on the engagement by completing the [survey](#) at the below link, as well as sharing and promoting the engagement in all appropriate avenues.

Many thanks to Sue, Pauline, Dick, Kath, John and Leanne for their help supporting this so far by:

- Sharing copies of surveys with friends and families.
- Sharing copies of surveys with PPGs
- Discussing the engagement at different meetings around the city
- Signing up to support several of the drop-ins/events

It isn't too late to get involved. We would appreciate more support with our drop-ins and events. If you think you can help out please let Adam know.

More information about the events and drop-ins, such as times and venues, can be found on our website here: <https://www.leedsccg.nhs.uk/utcevents/>

Training

This section is about any training available in the next few weeks.

Engagement Hub Update – No training between Jan – Jun 2019

As part of our ongoing evaluation of the training programme we have decided to pause our delivery of a scheduled training calendar and review our provision. There are several reasons for this, including; poor attendance and high cancellation rates (we've cancelled more sessions than ran over the last five months) as well as ongoing discussions with our partner organisations about the need to nail down processes and ways of working going forward.

We're going to use the 'fallow' six month period to evaluate the engagement hub work and see what it is going to look like with everything kicking back into gear by July 2019. The survey is **now closed** and we are in the process of evaluating the responses.

Thank you to everyone who had their say. We'll share the report with you once it is complete.
