Welcome to our new volunteers! - NEW

So first off, welcome to our brand new recruits, our successful second intake of CCG Volunteers. Welcome to the team Carol, Fe, Francis, Lewis, Robert, Victoria and Yvonne. It's a pleasure to have you as part our volunteer programme. We hope you enjoy yourselves.

Big thanks to everyone who was able to come along to the Volunteer Induction day last week. We know it was information overload, but we hope you found it useful.

If you have any questions, please don't hesitate to get in touch and ask. We will encourage you to contact your mentors, once they're allocated, but for now please contact Caroline on caroline.mackay2@nhs.net or call 0113 843 5470 if you do have any questions or want to talk about something.

CCG volunteers newsletter - UPDATE

Please note that the next volunteer newsletter will be sent on **Weds 23 Oct.**

Due to the current capacity in our team, we have decided that we will send the volunteer newsletter fortnightly rather than weekly. This way we can ensure that the newsletter is sent on time and the quality of information remains unaffected.

If you have any questions about this or concerns please email Adam on adam.stewart1@nhs.net.

Opportunities - **UPDATE**

This section is for the current opportunities we have for volunteers to get involved in projects. If you are interested in any of the opportunities or would like more information, please contact the relevant person in the engagement team.

At present there are no new opportunities. We will update this section when something new comes along.

Current engagements

Below are current live engagements that we're aware of. This refers to engagements where people can offer their feedback and have a say, usually through a survey. Other chances to get involved such as project groups, recruitment opportunities etc. will be listed in the 'Opportunities' section.

If you are aware of other engagements that we have not listed, please get in touch with Adam and let us know and we will happily share in the next newsletter.

Any updates regarding our engagement projects can be found on our website on our consultations page: www.leedsccg.nhs.uk/get-involved/consultations/

NHS England Consultation – West Yorkshire Specialised Vascular Services

Vascular services reconstruct, unblock or bypass arteries and are often one-off specialist procedures to reduce the risk of sudden death or amputation and prevent stroke. Currently, the specialised vascular services in West Yorkshire are delivered from three centres – Leeds General Infirmary, Bradford Royal Infirmary, and Huddersfield Royal Infirmary.

Based on a need to reduce the number of specialised vascular centres from three to two as identified by Yorkshire and The Humber Clinical Senate, the proposed recommendation being consulted on is that those centres should be at Leeds General Infirmary due to its status as a major trauma centre, and Bradford Royal Infirmary due to its co-location with renal care.

The proposals could result in all specialised vascular surgery that requires an overnight hospital stay being transferred from Huddersfield Royal Infirmary to Bradford Royal Infirmary, which would potentially affect up to 800 patients a year.

There are three main reasons for the recommended change to services set out as part of the consultation:

- Specialised vascular centres must be able to deliver a safe and sustainable service to comply with NHS England's national service specification.
- There are significant staffing pressures at both the Bradford and Huddersfield centres, and while teams are working very hard to maintain good patient outcomes and deliver the appropriate volume of activity for specialised vascular procedures, the service cannot continue in its current form.

- Calderdale and Huddersfield NHS Foundation Trust and Bradford Teaching Hospitals NHS Foundation Trust currently run a shared out of hours on-call rota for emergency vascular services between the two sites, which is not supported as an acceptable or long-term solution by NHS England or Yorkshire and Humber Clinical Senate.

We want to hear from as many people as possible in the West Yorkshire area to support NHS England North East and Yorkshire with this consultation. This includes current or previous users of patients, carers, family members, volunteers and health and care staff.

Please do share this wherever you are able and give feedback yourself. More details and the link to the survey can be found here: <https://www.leedsccg.nhs.uk/get-involved/your-views/wyvascular/>

If you find a course you think is relevant to your role as a CCG Volunteer, you can speak with your mentor if you would like to book on.

CCG Volunteers Peer Support - **UPDATE**

This section is about opportunities for CCG Volunteers to be involved in peer support. There will be updates around peer support meetings and other opportunities to liaise with fellow volunteers in order to support one another.

2019 - Peer Support Meetings - UPDATE

We have booked room 4 at WIRA House for one remaining date in 2019 where CCG Volunteers can come along and catch up with one another and offer each other support. These meetings, at present, do not have a formal agenda and will be directed by volunteers in attendance.

As discussed at the CCG Volunteer review day, we are going to reach out to Healthwatch and Voluntary Action Leeds to see if their respective volunteers would be interested in getting involved in future peer support groups.

A couple of members of the CCG engagement team will be in attendance to support.

Upcoming dates are:

Thursday 24 October 2019, 1:30pm – 3:30pm – WIRA House, LS16 6EB

Please let Caroline know if you are able to attend the Peer Support Meeting. At present, we have no one signed up and won't run the meeting if we're under the impression that no one is coming along.
